EAR Outcome

Will be sent to the email address used on the EAR Request.

Possible Outcomes of EARs are as follows:

1. Original Mark is Lowered – As a result your final grade may be lower than the original grade you received.
2. Original Mark is Confirmed as correct and there is no change to your grade.
3. Original Mark is Increased – As a result, your final grade may be higher than the original grade you received. If the change of marks results in a subject grade change, you will receive a refund of the relevant EAR fee.

Note: When an EAR is received, the exam board will appoint another examiner so that there is an independent review of the marking of the work. The reviewing examiner has been through the same training as all the other examiners marking the paper and will have marked many candidates' answers. Exam board will correct any administrative marking errors that are found. Marking errors include incorrect addition of marks, errors in transfer of marks from exam paper to computer screen, and partly unmarked scripts.
